

Thank you for your interest in transit information for your school's virtual open house. We shared your request with our transit planners and they provided us with the following information about transit service in your school's neighbourhood:

Route 116 travels between Clareview Transit Centre and Abbotsfield Transit Centre, which provides service to the front entrance of the school.

For additional information, parents can find more information on edmonton.ca/transit.

- Route brochures for current regular ETS bus routes can be found at edmonton.ca/RouteBrochures.
- Route maps and schedules for current ETS School Special bus routes can be found at edmonton.ca/SchoolSpecialBusRoutes.
- For students traveling to/from an On Demand Transit community, more information about the service and how to use it is available at edmonton.ca/OnDemandTransit.

Parents may also be interested in using online trip planning tools to see how their child can get to/from school. ETS recommends the following tools:

- The third-party Transit app, which can be downloaded for free from the Apple App and Google Play stores
- Google Maps
- The trip planner on edmonton.ca/Transit

Please note: route map and schedule information may be adjusted as part of ETS' fall service changes. Information about fall service changes will be available in late August on edmonton.ca/TransitAlerts. ETS works with local school boards to ensure School Special schedules are aligned with school hours.
